

Learning Disability Liaison Team

Who we are We are a Team of 3 learning disability nurses who work at Queens Medical Centre, City Hospital and Nottingham Treatment Centre.

What we do We raise awareness of the needs of people with a learning disability.

We also give advice about supporting people with a learning disability when they are visiting the hospital.

This means we can support hospital staff, the person with the learning disability, their carers and others who support the individual.

What's new or different? The Team have been supporting people for over 5 years.

The biggest change is with the number of people that the Team see. We have had to change the way we work because of this increase.

Who is it for? People with a learning disability coming to the hospitals and everyone supporting them.

How to find out more

Who to contact? George Badiali or any member of the team

Telephone 0115 924 9924 extension 62562
