

Remploy Ltd.

Who we are Remploy can help you to find a job

What we do We work with lots of employers where you live. This helps us to know about jobs they have and tell you about them.

You could find a job in lots of different places.
It might be in a shop, hotel, office or warehouse.

What's new or different? Our advisors are friendly and will understand your needs.

You can come to your local Remploy office and use our computers, internet, telephones and newspapers to help you find a job.

Who is it for? If you are on the Work Choice programme, we can help you to find a job.

The Work Choice programme helps people with disabilities and learning difficulties to find work and do well in their job.
